

My name is Consolatha Wambura. I have received my national examinal results. What I think the results, they are good but not good enough and pleasing but I thank God. I know that every one did not expect me to have those results and for me as well I never expected those kind of results, the way I prepared my self to face the exam but Colossians 3:15 "Let peace of Christ rule in your heart. Since as member of one body you were called to peace. And be thankful" So I really thank God for that very best I have tried.

I really thank God for everything he has been very kind and he has enabled me and gave me strength to be able to do the exams without fear and distraction.

Thanks, my thanks giving goes to the supporter in UK who have made me to get the results which I have today. Their support means a lot to us and situation you have now. God I believe God sees the work you are all doing and he will reward you. God give and bless you with more life.

I promise everyone that the next exams I will work hard to get the best results in my four next.
