

Hello

My name is Eunice Leonard, I am 16 years old and I am among the form two girls who have just finished my form II exam last year. First of all I would like to say thank you to all our supporters and everyone else who has made our performance possible, for your all a reason for my success. Such people are: Our guardians, The Bethany trustees, and everyone else in the family including our supporters.

Regarding my results, I am really grateful for what God has done for me, because he has enabled me to move from one level to another one, though my performance wasn't as I thought it would be, for I aimed high but due to my laziness I was unable to fulfil my goals/targets, I have to put much more effort in my studies and work hard.

Because I have realized were I went wrong, like my attitude is not good and also not being serious studying which makes me understand that it might also be a cause to my low performance, for it is said that "do as to perform well in your studies also your attitude should be good". I really thank God for what he has enabled me to get in my results because there people who also were praying so hard to get the one I got. So I promise to change my results when we will do our form IV exams in 2022, but only through God's help.

I hope God will continue to stand by my side and to everyone else in this family, in every circumstances we will face, for he knows what is best for us and what is not best for us.

MAY THE LORD GOD BLESS THE WORKS OF YOUR HANDS.
